

# **Environmental Analysis Associates, Inc.**

## **Laboratory Testing & Consulting Fee Schedule**

**Effective January, 2009**

### **Optical Microscopy**

**Aerosols, Dust, Mold, Pollen**

#### **Air samples -- Slit impaction or Filter Samples:**

Airborne mold spore analysis	\$ 50.00
Airborne mold spore & pollen analysis	\$ 55.00
Quantitative airborne aerosol analysis (mold, pollen, insect parts, fibers, etc.)	\$ 75.00
Non-fibrous dust constituents only (soot, mineral dust, etc.)	\$ 60.00
Fibrous dust constituents only (fiberglass, synthetics, cellulose, etc.)	\$ 55.00
Airborne viable mold analysis (Andersen sampler)	\$ 50.00

#### **Bulk Dust or Surface Tape Samples:**

Surface mold - Qualitative tape lift	\$ 30.00
Surface mold - Quantitative tape lift	\$ 40.00
Bulk mold - Qualitative bulk sample analysis	\$ 50.00
Quantitative surface dust - bulk or tape (mold, pollen, fibers, debris, etc.)	\$ 75.00
Surface E. coli bacteria analysis (sewage)	\$ 65.00
Particle size distribution analysis	\$ 150.00

### **Scanning Electron Microscopy**

**Dispersive X-Ray Analysis**

Combined Optical / Electron Microscopy – air & surface samples (Indoor air quality particle analysis)	\$275.00
Materials, powders, residues (EDAX) elemental analysis per sample - (includes micrographs, X-ray analysis, and report summary)	\$275.00
Size distribution analysis of soil, dust, or powders	\$300.00
Hourly rate for non-routine and research analysis	\$250 / hr
Quantitative X-ray analysis (SLICE database)	call for quote
Micro-photography -- Optical & Electron Microscopy	call for quote

#### **Hourly Consulting & Testimony Fees**

Dan Baxter -- Consulting or laboratory investigation	\$250.00
Dan Baxter -- Deposition or testimony fees	\$350.00

**Standard analysis turnaround for analyses except culture counting is 5 days  
50% surcharge for 24-hour turnaround on microscopy analysis**

**5290 Soledad Road, San Diego, CA 92109**

**Phone: 858-272-7747 Fax: 858-272-7764**
